

# BREAKDOWN FOR RED HILL COMMENTS

- Of the 458 comments, 95% expressed rejection and 2% expressed support for Navy's Option 1A Plan.
  - The remaining 3% does not reject or support the Navy's Plan.
- Majority of the template percentages are created from the Sierra Club's submission form.

### Reasons Associated with Opposing Navy's Option 1A

	Relocate/Reassess Alternative Locations	Decommission	Water Security	Comments from individuals residing outside Hawaii	Proposed practices will have the results as current practices
Category Total	275	153	163	57	174
Total Percentage	60%	33%	36%	12%	38%

- Of the 458 comments, 95% expressed rejection and 2% expressed support for Navy's Option 1A Plan.
- The remaining 3% does not reject or support the Navy's Plan.
- Main topics of interest:
  - Relocation and decommission commonly coupled when mentioned.
    - Relocation also phrased as "Reassess Alternative Locations."
  - Submissions expressed concern for water contamination due to the placement of the tanks over the basins. Water is irreplaceable and a lot of pride expressed for the serene waters of Hawaii.
  - Due to the Sierra Club's outreach, 12% of the comment submissions came from individuals that did not live in Hawaii.
  - Proposed measures were understood to be an extension of current measures. Submissions expressed discontent due to leaking with current measures already.
